BRANDON SWEETING

College of Arts & Sciences
University of Alabama
Tuscaloosa, AL 35487

bssweeting@ua.edu
(561)574-3821

Research Interests

· Harmonic Analysis · Bellman Functions · Singular Integral Operators · Sharp Estimates · BMO · Dyadic Analysis · Best Constants · Weights · Factorization Theory · Extrapolation Theory

Education

PhD in Mathematics   Aug 2014 – Aug 2021
University of Cincinnati, Cincinnati, OH
    Dissertation Advisor: Leonid Slavin
    Dissertation Title: *Novel Bellman Estimates for A_p Weights*

BA in Mathematics   Aug 2011 – May 2014
University of South Florida, Tampa, FL
    Summa Cum Laude

Appointments

Postdoctoral Researcher   Aug 2021 – Present
University of Alabama, Tuscaloosa, AL

Publications

A characterization of a weighted weak-type estimate for the maximal operator [In Preparation]

Weighted weak type inequalities for maximal operators and singular integrals, with D. Cruz-Uribe Arxiv e-prints: arXiv:2311.00828 (2023) [Submitted]

Quantitative weighted weak-type estimates for multilinear sparse operators, with Z. Nieraeth and C. Stockdale [In Preparation]

Weighted weak-type boundedness and compactness in Calderón-Zygmund theory, with C. Stockdale [In Preparation]

Sharp dyadic estimates via non-infinitesimal Bellman majorants, with L. Slavin [In Preparation]

The John-Nirenberg Constant for $BMO^p, 0 < p < 1$", with L. Slavin [In Preparation]

Conference Talks

AMS Spring Central Sectional Meeting (Upcoming)   20 April 2024
hosted by the University of Wisconsin-Milwaukee

Joint Mathematics Meetings 2024 (Upcoming)   6 January 2024
hosted by the American Mathematical Society

Workshop in Analysis (Upcoming)   8 December 2023
hosted by Georgia Institute of Technology

Prairie Analysis Seminar 19   3 November 2023
hosted by Kansas State University

AMS Spring Central Sectional Meeting   15 April 2023
hosted by the University of Cincinnati

Ohio River Analysis Meeting 12   18 March 2023
hosted by the University of Cincinnati

Southeastern Analysis Meeting 39   10 March 2023
hosted by Clemson University

AMS Fall Southeastern Sectional Meeting   20 November 2021
hosted virtually by the American Mathematical Society

Prarie Analysis Seminar 17   6 November 2021
hosted virtually by Kansas State University

AMS Spring Central Sectional Meeting   17 April 2021
hosted virtually by the American Mathematical Society

Ohio River Analysis Meeting 10   20 March 2021
hosted virtually by the University of Kentucky

Southeastern Analysis Meeting 37   13 March 2021
hosted virtually by the University of Florida

Seminar and Colloquium Talks

Analysis Seminar at University of Alabama   4 October 2023

Analysis Seminar at Washington University in St. Louis   18 September 2023

Analysis Seminar at University of Alabama   21 September 2022

Analysis Seminar at Clemson University   24 September 2021

Analysis Seminar at University of Alabama   29 January 2021

Research Visits and Conferences Attended

Clemson University Research Visit   3 July - 14 July 2023
hosted by Cody Stockdale

Extremal Problems in Harmonic Analysis   28 November - 2 December 2022
hosted by ICERM at Brown University

Harmonic Analysis and Related Topics   13 July - 17 July 2022
hosted by Centre de Recerca Matemàtica

11th International Conference on Harmonic Analysis and PDEs   6 July - 10 July 2022
hosted by Universidad Autónoma de Madrid

Conference Board of the Mathematical Sciences 2020   23 June - 27 June 2022
hosted by Florida State University

Teaching Experience

The University of Alabama

· Discrete Mathematics	Spring 2024
· Discrete Mathematics	Fall 2023
· Introduction to Complex Variables	Spring 2023
· Applied Differential Equations I	Fall 2022
· Introduction to Linear Algebra	Spring 2022
· Discrete Mathematics	Fall 2021

University of Cincinnati

· Introduction to Mathematical Reasoning (online)	Summer 2021
· Introduction to Mathematical Reasoning (online)	Spring 2021
· Foundations of Quantitative Reasoning (online)	Fall 2020
· Mathematics of Social Choice (online)	Summer 2020
· Mathematics of Management Science	Spring 2020
· Mathematics of Social Choice (online)	Fall 2019
· Mathematics of Social Choice (online)	Summer 2019
· Mathematics of Management Science	Spring 2019
· Mathematics of Social Choice (online)	Fall 2018
· Mathematics of Management Science (online)	Spring 2018
· Applied Calculus I	Fall 2017
· Mathematics of Social Choice	Spring 2017
· Mathematics of Management Science	Fall 2016
· Applied Calculus II (online)	Summer 2016

University of Cincinnati (TA)

· Calculus II, 3 sections   Spring 2016

· Calculus I, 2 sections   Fall 2015

· Calculus I, 3 sections   Spring 2015

· Calculus II, 3 sections   Fall 2014

Honors and Awards

· Maita Levine Award for Outstanding GA   Spring 2020

· Albert C. Yates Fellow $2014 - 2021$

· King O'Neal Scholar   Spring 2014

Graduate Coursework

· Real Analysis · Complex Analysis · Topology · Harmonic Analysis · Functional Analysis · Probability
· Ordinary Differential Equations · Partial Differential Equations · Stochastic Differential Equations
· Geometric Function Theory · Geometric Analysis · Numerical Analysis · Linear Algebra

Relevant Skills

Languages: English, French

Programming Languages: Python, Java, Swift, Mathematica

Programming Libraries/APIs: TensorFlow, Keras, Scikit-Learn, PyCUDA, Scipy, Numpy

Professional Activities

Communications Committee: *UA Black Faculty and Staff Association*

Journal Referee: *Collectanea Mathematica*

Professional Affiliations

Black Faculty and Staff Association (UA) $2023 - \text{present}$

The American Mathematical Society (AMS) $2014 - \text{present}$

Pi Mu Epsilon, Florida Epsilon Chapter (USF) $2013 - \text{present}$
